Education

TKM College of Engineering

Bachelor of Technology in Computer Science — CGPA: 9.51/10

Sep. 2023 – Jul. 2027

Kollam, Kerala, India

- Relevant Coursework: Data Structures, Algorithms, Web Development, Cybersecurity
- Member: Computer Society of India (CSI), IEI Club

Experience

Computer Society of India (CSI), TKMCE

Tech Head

Aug. 2025 – Present

Kollam, Kerala, India

- Organized 5+ tech-focused workshops and coding events, impacting over 300 students.
- Improved event efficiency by introducing reusable code templates and automation scripts, reducing setup time.
- Facilitated cross-functional collaboration among 4 teams for seamless event execution.

Internship

Event Management System | Svelte, TypeScript

Apr. 2026 – Jun. 2026

- Contributed to the development of a digital platform streamlining multi-level college event approval workflows.
- Developed responsive frontend interfaces using Svelte and TypeScript to improve usability and accessibility.
- Implemented a Redis-backed rate limiter to prevent API abuse.

Projects

FinAI Adviser | Django, NLP, PostgreSQL, Python

Jan. 2025 – Feb. 2025

- Built a full-stack personal finance web application using Django REST framework and PostgreSQL.
- Integrated NLP-based expense analysis to provide personalized financial advice and spending insights.
- Implemented intuitive dashboards and budget alerts, improving budgeting efficiency by 30% for users.

Store Management System | Flask, MySQL, HTML/CSS, JavaScript, Bootstrap

Jan. 2025 – Apr. 2025

- Built a full-stack supermarket management system for inventory, billing, attendance, and sales tracking.
- Developed Flask and MySQL backend APIs with role-based access control and real-time stock updates.
- Designed responsive dashboards for inventory monitoring and sales analytics using Bootstrap and JavaScript.

Publications

Hierarchical Long-Document Summarization using LED for Legal Judgments

ACL JUST-NLP 2025

- Published at ACL JUST-NLP 2025 – aclanthology.org/2025.justnlp-main.22
- Implemented hierarchical legal text summarization using the Longformer Encoder-Decoder (LED) architecture.
- Optimized training pipeline with global attention mechanisms and gradient accumulation for long documents.

Achievements

- Qualified **GATE CS 2026** with All India Rank **4105**.
- Secured **Elite and Silver Certificate** in Ethical Hacking – NPTEL, IIT Kharagpur (Oct. 2024), awarded to top performers among all enrolled candidates.

Certifications

Google Cybersecurity Specialization – Google

IBM Full-Stack JavaScript Developer Specialization – IBM

Ethical Hacking – IIT Kharagpur (NPTEL)

IBM JavaScript Backend Developer – IBM

Technical Skills

Languages: Java, Python, C, JavaScript, HTML/CSS, Kotlin, Dart

Frameworks & Libraries: Django, Flask, React, Flutter, Node.js

Databases: PostgreSQL, MongoDB, Firebase

Developer Tools: Git, GitHub, VS Code, Linux

Other: REST APIs, Cybersecurity Fundamentals, Mobile App Development (Android/Flutter)
